

**by Michelle Obama and Jay Pharoah**

Girl: What are ..... gonna do after .....

Guy: I don't know, just ..... I guess

Jay Pharoah: Hang out!?

Your future is .....

Trying figure it out

Askin' ..... I'm here

So you crashin' in .....

It's your ....., so voice it

Whole world your oyster

Can't be droppin' the .....

When your future's nothing to toy with

..... and stay focused

Make a mark and get noticed?

Get the ....., thermostat

Help me out, FLOTUS!

If you wanna ..... jets, you should go to college

Reach high and cash ....., fill your head with .....

If you wanna ..... paint, don't go to college

But for ..... else, you should go to college

You could study engineering, they be buildin' .....

Build bridges, commute, you can get your walk on

Be a math ....., hop a moon crater

Be an ....., be up in the ..... like Vader

..... isn't science but you still need a .....

....., ....., but not .....

No, no, no

South Side, ....., we all know

We had to do ..... every night to make it .....

And ..... could really make their ..... true

Hey, kid listenin' in ....., that could be you

But a ..... is just a dream unless you go hard

Einstein put in time, here's a flow chart

Naturally, it won't happen .....

But you can change ..... into ..... so dramatically

If you wanna fight ....., you should go to college

If you wanna ..... rhymes, fill your head with .....

If you wanna stare at grass, don't go to college

But for everything ....., you should go to college

Better make room! Better make room!

We .....!

We .....!

That paper is not getting thrown in the garbage!

You go to college!

ANSWERS:

Girl: What are **you** gonna do after **high school**?

Guy: I don't know, just **hang out** I guess

Jay Pharoah: Hang out!?

[Verse 1: Jay Pharoah]

Your future is **hazy**

Trying figure it out

Askin' **why** I'm here

So you crashin' in **doubt**

It's your **choice**, so voice it

Whole world your oyster

Can't be droppin' the **ball**

When your future's nothing to toy with

**Telescope** and stay focused

Make a mark and get noticed?

Get the **degree**, thermostat

Help me out, FLOTUS!

[Hook: Jay Pharoah + Michelle Obama]

If you wanna fly jets, you should go to college

Reach high and cash checks, fill your head with knowledge

If you wanna watch paint, don't go to college

But for everything else, you should go to college

[Verse 2: Jay Pharoah]

You could study engineering, they be buildin' robots

Build bridges, commute, you can get your walk on

Be a math major, hop a moon crater

Be an astronaut, be up in the sky like Vader

Finance isn't science but you still need a degree

Archaeology, astronomy, but not astrology

No, no, no

[Verse 3: Michelle Obama]

*FLOTUS on the track*

South Side, Chicago, we all know

We had to do overtime every night to make it tomorrow

And everyone could really make their dream true

Hey, kid listenin' in Michigan, that could be you

[Verse 4: Jay Pharoah]

But a dream is just a dream unless you go hard

Einstein put in time, here's a flow chart

Naturally, it won't happen magically

But you can change fantasy into reality so dramatically

[Hook: Jay Pharoah + Michelle Obama]

If you wanna fight crime, you should go to college

If you wanna write rhymes, fill your head with knowledge

If you wanna stare at grass, don't go to college

But for everything else, you should go to college

[Outro: Jay Pharoah]

Better make room! Better make room!

We comin'!

We applyin'!

That paper is not getting thrown in the garbage!

You go to college!
