

My Poem (15/04/2020) (en rouge ce à quoi il faut faire attention grammaticalement, surligné> prononciation)

I am crazy and funny

I pretend to be severe

I post nearly nothing online

I look very sincere

I hashtag nothing online

I am crazy and funny (1^{ère} strophe un peu simple mais ça rime, on peut sacrifier les rimes pour plus de créativité)

I feel very well today because the sun is shining

I love hanging out with my friends and laughing

I hide my bad mood when it's raining

I believe in the motto "sharing is caring"

I can listen to a short or a long story

I am crazy and funny

I understand we have to act and protect

I dream of a peaceful and safe planet

I will respect it and do my best

I want people to follow me

I hope not to be lonely

I am crazy and funny
