

Santa, Santa, High in the sky

Santa, Santa, high in the sky
Come down the chimney, don't be shy
Santa, Santa, high in the sky
Leave a little present for me

There's a carrot for your reindeer
There's a glass of sherry and a big mince pie
There's an empty stocking waiting
Come on Santa, don't be shy

Santa, Santa, high in the sky
Come down the chimney, don't be shy
Santa, Santa, high in the sky
Leave a little present for me

Santa, Santa, high in the sky
Come down the chimney, don't be shy
Santa, Santa, high in the sky
Leave a little present for me

There's an icy cold wind blowing
The stars are shining in the dark blue sky
The Christmas lights are glowing
Come on Santa, don't be shy

Santa, Santa, high in the sky
Come down the chimney, don't be shy
Santa, Santa, high in the sky
Leave a little present for me

Oh, Santa, Santa, high in the sky
Come down the chimney, don't be shy
Santa, Santa, high in the sky
Leave a little present for me

Ho! Ho! Ho!
