

Uprising by MUSE

Paranoia is in bloom,
The PR will resume
They'll try to push that keep all dumbed down
And hope that we will never the around
(So come on)

Another, another seed,
Another lie to keep us trapped in
.....

With all the belts wrapped around our
And endless tape to keep the confined
(So come on)

Chorus :
They will not us
They will degrading us
They will not us
We will be

Interchanging mind
Come let the takes its toll
If you could flick the switch and your third,
You'd see that
We never be afraid to
(So come on)

Rise up and take the back,
It's time the had a heart
.....,
You know that their 's coming to an end
We have to and watch our ascend

Chorus
Hey .. hey ... hey .. hey.....
Chorus
