

You wanna call me up  
Get it off your .....  
But you broke my .....  
And you don't care .....  
(Suddenly you've got)  
Up in the .....  
..... when you couldn't sleep  
without me  
And we were the .....  
No other bed that I'd rather be  
In over my .....  
Went over my head  
Like rolling thunder  
Now it's a .....  
Can you .....

I was a ..... for you  
I didn't see it .....  
Drunk on all this .....  
Then suddenly I was .....  
Now it's too ..... for us  
I told you it was .....  
So don't come around here  
Come around here

You wanna call me up  
Get it off your .....  
But you broke my .....  
And you don't care .....  
I've been ..... on  
Done with all your .....  
Now I've found the ..... one  
Suddenly you've got  
Regrets you got .....  
You got .....  
I'm not coming back .....  
Regrets you got regrets  
You got regrets regrets

Closing the .....  
Our ..... on the floor  
We had it wild  
T shirts were torn  
We stayed till the .....  
In such denial  
Denying the .....  
And keeping it .....  
You put me under  
Nothing to lose  
But me and you

## CHORUS

Now That You Made Your .....  
Why don't you go ..... in it  
Finally Out my .....  
Now you gotta ..... for it  
Wasted your time changing your .....  
crossing the .....  
Now I found the next one...

I've been moving on  
Done with all your stress  
Now I've found the next one  
Suddenly you've got  
Regrets you got regrets  
You got regrets regrets  
I'm not coming ..... now  
Regrets you got regrets  
You got regrets regrets

**Darren A. Flynn** is an award-nominated singer-songwriter from **Dublin, Ireland**.

His sound has been described as a modern take on roots-tinged rock n' roll, with influences as diverse as Johnny Cash & Leonard Cohen to Sturgill Simpson and even the likes of Black Keys on occasion.
